Subject: BACKGROUND INFORMATION AND PROPOSED WORK PLAN

This introductory memo is intended to provide background information to you regarding the South Park Blocks situation. The memo also sets out a proposed work plan to be followed by the Task Force during the next six weeks. The Portland City Council has asked that this task force review the various issues associated with these blocks and present both its findings and recommendations to Council by mid-November.

IMMEDIATE BACKGROUND

October 3, 1978 - The Downtown Neighborhood Association met to discuss the South Park Blocks situation and review possible solutions. Problems identified regarding the park included: drinking, intoxication, drug use/sales, prostitution/pimping, urinating in public, harrassment, assault, panhandling, lack of play or restroom facilities, lack of police attention, and related issues. Various solutions were also discussed. These included: increased police patrol in general, intensified police surveillance and undercover activity, increased crime reporting by citizens, voluntary citizen patrol, security patrol paid by donation, increased pedestrian use by immediate neighbors, specially developed child and senior citizen recreation programming, installation of play equipment, redesign of park blocks area, installation of temporary portable restrooms, and prohibition of alcohol use or possession in park blocks area.

While no definite resolution of these problems and alternatives was agreed upon, the general consensus among those in attendance was that:

- (1) The problems in this area are complex and not unique,

- (2) the proposed City Ordinance banning alcohol use in the park would not resolve the problems, and that more comprehensive remedies would be necessary,
- (3) increased police attention is appropriate in general, and that innovative law enforcement actions should be discussed further, and
- (4) the park should be programmed and/or modified to increase park use generally, and that these efforts should focus on youth and elderly activity.

Ocotober 12, 1978 - The Portland City Council, while hearing testimony regarding a proposed alcohol prohibition, agreed to Commissioner Mildred Schwab's proposal that an ad hoc Task Force study South Park Blocks issues and make recommendations to Council regarding their resolution. Doug Bridges, Superintendent of Portland Parks and Recreation, was directed to have this Task Force prepare its findings and recommendations within six weeks. Mr. Bridges asked Mary Burki, President of the Downtown Neighborhood Association to chair the Task Force.
